GOV. WILSON GREETED BY BIG CROWDS

Makes Number of Impromptu Speeches from His Car

REPLIES TO BEVERIDGE

Answering Charge That He Would be Controlled by Bosses— Joins the Trusts.

Chicago, Sept. 17.—Through Ohio and Indiana Governor Woodrow Wilson did some impromptu campaigning yesterday that was as vigorous as it was unexpected.

No previous arrangement had been made for speeches and the train schedule was twisted by delays early in the day, but crowds gathered along the route and Governor Wilson made nearly a dozen speeches from his car. He said Col. Roosevelt proposes to take monopolies into partnership with the government.

The candidate replied to Senator Beveridge of Indiana, who charged in a recent speech that Governor Wilson, if elected, would be boss-controlled. State Senator Fred Kistner and Mayor Fickle of Logansport, Ind., boarded the train and told Wilson about Senator Beveridge's speech, so that when the Democratic candidate reached Logansport he hit at Mr. Beveridge to a large crowd.

"I understand that in a speech made last Saturday night," said Governor Wilson, "a very much esteemed friend of mine, namely, former Senator Beveridge, said that he entertained a very serious fear about me, namely, that if I were elected president I would be controlled by the bosses. I never suspected before that Senator Beveridge was a humorist, because if he didn't know that it was a joke, when did he ever hear that I had changed all my political habits?"

"The way you tell whether a man is going to be controlled by the bosses or not is to judge whether he is in reach of a boss or not. Do you know what a boss is? A boss is a political agent of certain special interests, who see to it, through him, that people they can control are put in office and that laws they do not want are kept off the statute books and the men who do that are the men who are interested in the great monopolies of this country."

"I am sorry to observe that whereas the Republican party has practically fostered trusts and the Democratic party proposes to prevent monopoly in this country, the third party, represented by Senator Beveridge, proposes to take the monopoly into partnership with the government by accepting it as an inevitable necessity and bringing it under the regulation of law that is to say making it a legalized institution of the country. And when the men who have created monopoly are accepted partners of the government, do you suppose they are going to dispense with the men who are their necessary agents, namely, the bosses who determine who are to occupy office and what the legislation is to be?"

"Who created monopoly?" interrupted a man in the crowd, and repeated his question several times. "The men who created monopoly," continued the governor, "are the men who have taken advantage of the protective tariff to get together to make great combinations of industry to shut out competition and to make sure that the prices are in their own control. And every Republican leader in our generation has been in league with those men."

"Who are they?" broke in another voice, and the governor's reply brought cheers. "They are the men who have set up the great trusts," he said. "Everybody knows the list of them. These men are the heads of the Steel Trust, of the Tobacco Trust, of the Standard Oil Trust and of all the other trusts—that everybody knows I am surprised that you didn't know the names of them before. These men have supported those who have controlled our government in the last 15 years and they are supporting them still."

"And I for my part do not entertain any hope of the government of the United States being freed from the control of trusts and the control of bosses who are the agents of trusts, through the instrumentality of the adoption of the trusts into the care of the government itself."

There were cries for a speech when the governor reached Hartford City, Ind. Some one in the crowd shouted: "Talk to us about Mr. Bryan."

"I could say a great deal in admiration of Mr. Bryan," said the nominee in reply. Just then the train pulled out.

At every stop of Governor Wilson's train yesterday crowds collected and the governor shook hands and made

speeches. At Bradford, O., several hundred people were collected, among them many women, and the governor was enthusiastically applauded. A number of Princeton graduates were there and gave the candidate the characteristic Princeton cheer. "I am glad to hear that cheer," said the governor, and it was repeated with "Wilson" on the end of it.

"It is easy to say that you are the friend of the people, but you must really know some means by which you can be of service to them," said the governor in his speech. "I would not condescend to say anything against the character of the men to whom I am opposed in politics, because I don't think that is the way to appeal to the American people. I think you ought to consider the men who are applying to you for your support on this basis."

"Now we don't want to disturb the industry of the country. We are not here to destroy that industry which certain men have built up. But we are here to destroy the control over the industry of other people which certain men have established and which makes it impossible that we should give ourselves a free field of service."

The nominee expected to be about two hours late into Chicago, owing to slow traveling, but the railroad attached an extra locomotive and brought him into Chicago only seven minutes late. He left Chicago at 6:05 for Sioux City, Ia., and Sioux Falls, S. D., where two speeches are scheduled for today.

INVESTIGATING ARREST OF THE GOTHAM GUNMEN

New York, Sept. 17.—A secret John Doe investigation of the circumstances surrounding the arrest on Saturday night of Gyp the Blood and Leftie Louie, two of the four gun men who are alleged to have slain Herman Rosenthal the gambler, was begun before Justice Goff.

The purpose of the investigation, according to Acting District Attorney Moss, is to determine whether the police suppressed or destroyed any evidence, particularly letters implicating the two men in the murder, and when and how the clues to their whereabouts were obtained.

Pleading to the murder indictment against the defendants was put over until tomorrow. Justice Goff questioned all members of the police squad that took Gyp and Leftie into custody. What they told was not revealed, but it was learned that Commissioner Dougherty turned over to Justice Goff a box containing papers, memoranda and other documents found in the gunmen's flat, which Mr. Moss said, had furnished the prosecution "evidence of importance."

Included in this evidence, Mr. Moss said, were clues by which he hoped to establish the identity of the persons who supplied the gun men with funds.

It was reported, however, that 40 letters containing incriminating references to the Rosenthal murder had been found in the flat, and although Deputy Commissioner Dougherty indignantly denied that any such missives had been discovered, Mr. Moss declared that he purposed to have the truth or falsity of the report legally established before the justice.

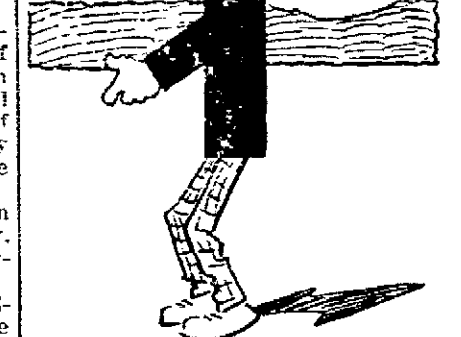

The two young wives of the prisoners, who were held in \$2500 bail as material witnesses, involved themselves in contradictions. Mr. Moss said, when he questioned them separately as to what they knew of the murder.

BIG SUM IS LEFT YALE

New Haven, Conn., Sept. 17.—At the September meeting of the Yale corporation it was announced that since the last meeting three wills have been filed for probate from which the university should receive during the year about \$750,000. These include \$50,000, unrestricted, by bequest of Matthew C. Borden, Yale, 1864; \$25,000 from Cyrian Brainerd of the class of 1850 for the use of the medical department, with ultimately an additional \$40,000 after the death of certain beneficiaries; and the McPherson fund of between \$400,000 and \$500,000 "to be employed in assisting worthy indigent students."

WHAT IS IT?

GEE! THIS COAT GOES UP AND DOWN IN PARALLEL LINES. IT HAS NO CURVES AT ALL.

What instrument of punishment?

Answer to Monday's puzzle—Wilson.

COUNCIL VACATES BUILDING

Last Meeting Held in Old City Hall Last Evening

INFILTRATION UNITS

Will be Purchased for Waterworks Station—Additional Land for Cemetery.

The last meeting of the city council in the council chamber of the present City building at Fourth and West Main streets, was held Monday night. All the members of the body including other city officials, took advantage of this opportunity to bid the old chamber farewell.

The next meeting will be held in the assembly room in the Trust building, the city officials being compelled to vacate the old building on orders from the state fire marshal's office.

Considerable business of more or less importance was transacted Monday night. An ordinance was passed authorizing the service director to purchase additional land for cemetery purposes. Another ordinance was passed authorizing the service director to enter into a contract for the labor and material for six new infiltration units at the waterworks station. Other measures of less importance were acted upon.

Mayor Swartz reported that he had vetoed the resolution accepting the plat of the Metz heirs addition because it failed to comply with the provisions of an ordinance governing such matters.

Supl. Cahill of the B. and O. in a communication to council stated that he had caused watchmen to be placed at First, Pine and Williams streets, beginning Monday. The clerk was instructed to acknowledge receipt of the communication and thank Mr. Cahill for his interest in the city's request.

Councilman Baker's ordinance to proceed with the paving and curbing of Fifth street between Pataskala street and the Ohio Canal, was passed under suspended rules.

Councilman Stasel introduced an ordinance authorizing the service director to purchase a large tract of land lying south of Cedar Hill cemetery, which is to be added to the cemetery tract. The property is owned by Harry J. Schmidt. The ordinance was passed under suspended rules.

Councilman Muenz's ordinance authorizing the service director to contract for the labor and material for the installation of six additional infiltration units at the water works station, was passed under suspended rules. Another ordinance by Mr. Muenz authorized the purchase of a quantity of waterworks pipe Councilman Prior introduced an ordinance to

To First Voters

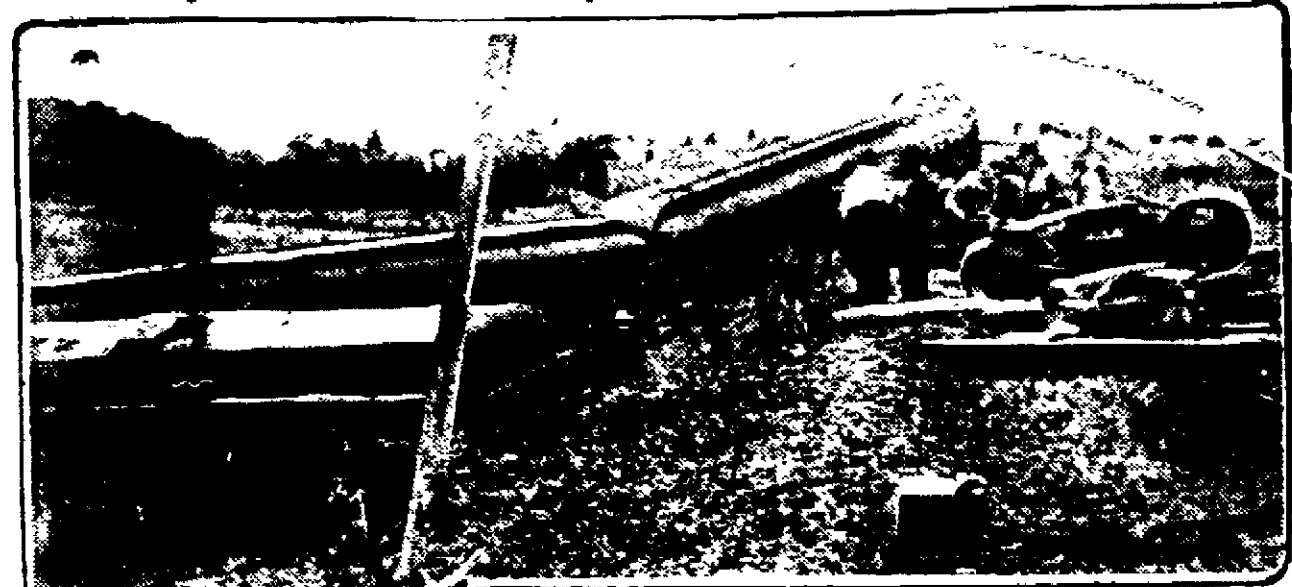

You who cast your first vote for President and Vice President of the United States, be sure that the men who get it represent what the people believe in, what you believe in—and want. Wilson and Marshall stand for what the people stand for. As Governors of their respective states they have actually done things enacted into law what the people elected them to make law. They will be as faithful, as loyal and as true when set to Washington. Know the real facts, learn the exact truth about these men and what they represent by daily reading

The Newark Advocate

You cannot hope to get the truth from the enemies of these men—from the papers who do not represent what Wilson and Marshall stand for. This paper seeks to tell the whole truth fairly and without bias. Daily ask the newsboy for—or better still, have delivered to your home

MORAL: IF YOU WOULD KEEP LIFE AND LIMB INTACT WHILE JOURNEYING BY RAIL, RIDE IN A STEEL PASSENGER COACH

Steel Cars in Wreck Near Bristol, Tenn.

A powerful argument in favor of steel passenger coaches was supplied by a recent train wreck near Bristol, Tenn. A modern train made up entirely of the latest type of steel passenger and mail cars was going at the rate of 65 miles an hour, when the crash came. Eye witnesses saw the cars buckle up and turn over, landing at the foot of an embankment on their sides. They were sure that another awful death list was being made up before their eyes, but, after all the victims had been removed, it was found that only one person was killed. The steel cars refused to telescope and had withstood the terrible crushing strain which would have crushed the wooden coaches like egg shells and killed all within.

Here are photographs of the steel coaches taken right after the wreck at Bristol, Tenn., and show the steel cars stripped of wheels and trucks, yet entirely intact almost as good as new.

transfer \$900 from one fund to another. The measure was passed under suspended rules.

Councilman Keller wants some new walks on Tenth street from Selby to the north end of the street. He introduced a resolution to this effect, which was adopted under suspended rules.

Councilman Payne's resolution authorizing the service director to contract for the razing of the city building, was lost. Dayton, Prior and Stasel opposing the measure. Mr. Stasel suggested that the building be sold to the highest bidder.

WILSON FAVORITE IN STRAW VOTE ON THE PENNSY

Pre-election polling is not ordinarily given much recognition as a valid test of public sentiment, but there is much satisfaction to be found on one of these "sentiment trials" carried out on a Pennsylvania train yesterday. The story is vouched for by F. G. Faber, a representative of the Diamond Woolen company, who was one of the tellers in the "trial" and who, just incidentally, voted for Ohio's favorite but unforgotten son.

Faber boarded the train at Piqua and found a red-hot political argument in progress. After half an hour or more, it was decided that two men should go through the cars and ask every man his preference among the presidential candidates. There were three Socialist votes cast, not a single Prohibition vote, only 17 to Roosevelt, 41 for Taft and 99 for Woodrow Wilson. Democracy's favorite.

"It cannot be denied," commented Faber to an Advocate representative Tuesday afternoon. "I have voted the Republican ticket for 20 years and will vote it this time, but I count my vote as lost. That Woodrow Wilson is going to carry the election by a tremendous majority, is the popular sentiment all along the line."

DEATH RESULTS FROM INJURIES

Zanesville, Sept. 17.—Ralph Marlow, young employee of the Model laundry, was tragically mauled at noon today when his right arm became fastened in the revolving drying machine. His arm was torn off and he was seriously injured otherwise that his death soon resulted.

ANNUAL MEETING OF CIRCUIT JUDGES

Columbus, Sept. 17.—United States Senator Alice P. Reine today attended the annual meeting of the circuit court judges of Ohio, the last to be held before the circuit court becomes a court of appeal under the provision of the constitutional amendment recently ratified. J. B. P. M. Vorhes of Coshocton was elected presiding judge to succeed Judge Lewis H. Wren of Cleveland. Judge Philip M. Crow of Kenton was re-elected secretary.

SUICIDED BY INHALING GAS

Baltimore, Sept. 17.—George C. Morrison, 40, president of the Title Guaranty and Trust company of this city, committed suicide during last night in one of the private rooms of the Baltimore Athletic club. He inhaled gas through a tube.

DIRKS PLUNGED INTO OFFICERS BY MEXICANS

Two Dead, One Dying as Result of Celebration at Phoenix, Ariz.—Posse After Murderers.

Phoenix, Ariz., Sept. 17.—After a day of fighting and drunken orgies Mexican rioters killed Chief of Police Moore and Policeman Robert Williams and stabbed Policeman J. Valenzuela.

Moore, in attempting to protect himself, drew a revolver and shot at his assailants, but struck Scott Price a young American, instead, killing him instantly.

The rioters had been celebrating Mexico's Independence day. The murderers escaped with posess of National Guardsmen and citizens in pursuit.

Americanized Mexicans and their unaccustomed countrymen had engaged in a battle over the management of the celebration, which was held on City Hall plaza.

Policemen Williams and J. Valenzuela arrested two of the brawlers and had taken them as far as the prison entrance, when the men drew knives and plunged them into the breasts of the officers. Williams died soon afterward. Valenzuela, although seriously injured, is expected to recover.

Chief of Police Moore, attracted by the noise, came up just as the two policemen had fallen. He was attacked by the two men who plunged their dirks into his body again and again. Although mortally wounded Moore opened fire and one of his bullets pierced the heart of Scott Price, a young American, who was in the throng that had assembled to witness the celebration.

The dying chief of police staggered after the fleeing assassins, but another Mexican ran up behind him and drove a knife between his shoulder blades. Moore fell dead, and his murderer escaped. The city council immediately assembled, and scores of citizens were sworn in as deputies to pursue the fugitives.

Saloons were ordered closed and all festivities were suspended. Members of the Phoenix national guard, well mounted, joined in the hunt. At a late hour the murderers were still at large.

KEELER SURRENDERS TO AUTHORITIES

Clearfield, Pa., Sept. 17.—Eluding the posess of deputy sheriffs and citizens who have been scouring the hills of Clearfield and Somerset counties since Sunday in search of him, John Keeler, the teamster who murdered John W. Rossner and wounded three of his clerks in Rossner's office Saturday night, walked into Clearfield this morning and surrendered. Keeler shot three employees of the brewery in which Rossner was employed following a dispute over wages.

NAMES HIMSELF ON BULL MOOSE TICKET

Coshocton, Sept. 17.—The Progressive convention of the Seventeenth district, with 2 delegates present, named A. E. Milner of Canal Dover as candidate for Congress here yesterday. Milner put his own name in nomination, reciting his good points and telling what he'd do. Congressman Ashbrook, Democrat, has no Republican opposition.

MINERS KILLED IN COLLAPSE OF PARTITION

Berlin, Sept. 17.—Twenty men killed outright and a number of others wounded today in the collapse of a partition in the Augusta Victoria colliery at Recklinghausen in the Westphalian coal fields.

Rescue workers at once entered the shaft and began digging away the mass of debris that covered the bodies. Because of the inability to blast for fear of tearing the bodies pinned underneath the work was tedious.

Several miners who were pinned down by their limbs were taken to the surface weak from loss of blood. It is feared some of them may die.

EXTRAORDINARY MATTERS BEFORE THE GRAND JURY

Is Indicated by Presence of Number of Witnesses—May Not Report This Week.

The grand jury resumed the taking of testimony on Tuesday, and a number of witnesses were in attendance and examined. The jury may not report for several days as a number of new witnesses have been subpoenaed. In addition to examining into the criminal business arising from transcripts from the various justices of the peace and mayor, it is reported that their work has been extended, and that they will inquire into other matters.

Grand jury secrets are supposed to be inviolate, but at times witnesses are called whose mere presence indicates that matters extraordinary are under way. Such seems to be the case at present. Several witnesses have been subpoenaed who are said to charge certain individuals with wrong doing, and a report may not be made to the court until the first of the coming week.

FIRE STARTED BY INCENDIARY

Tarrytown, N. Y., Sept. 17.—An incendiary is believed to have started a fire today which destroyed seven frame buildings occupied by clothing, dry goods and furniture firms and caused a loss of \$150,000. Two firemen were injured.

GOV. WILSON JOINS TRIBE OF SIOUX

Sioux City, Ia., Sept. 17.—Governor Woodrow Wilson became a "good Indian" today with the proviso however that he was not as a consequence a "dead Indian." The Democratic candidate was elected a member of the "Tribe of Sioux," a municipal organization, presented with a diamond pin and mobilized, initiated before a crowd that thronged the auditorium here. The governor took the following pledge:

On the sacred tomahawk and pipe I solemnly and sincerely promise that henceforth and forever I shall endeavor to be a good Indian, whether successful or unsuccessful in the quest of Moose or other game, and that no matter how exalted my station in life I shall neglect no opportunity to contribute to the welfare of the tribe of Sioux."

FAST MAIL IS ROBBED BY BANDITS

Postal Clerks Bound While Robbers Loot Registered Pouches

SECURED ABOUT \$300,000

Train Cord Pulled, Airbrakes Applied and Men Escape into the Woods.

Memphis, Tenn., Sept. 17.—Four bandits held up and robbed the New York and Memphis fast mail and express on the Southern railway at Stevens Gap, Ala., at 1:30 o'clock this morning, bound the four mail clerks and got away with all the registered letters and valuable registered mail.

Postoffice authorities say this sort of mail is very heavy and the loss will reach \$300,000. The express and passengers were not molested, nor was a single shot fired.

When the train stopped at Stevens Gap for coal one bandit rapped on the mail car door, saying: "Open it, this is McMahon, the conductor." Instantly the door slid back and the mail clerk looked into the barrel of a revolver. One bandit jumped into the car and ordered all hands up. James Flint, one of the mail clerks attempted to pick up a Winchester rifle near him and the bandit told him quietly to "Forget it and fall in line."

Flint and his co-workers, Frank Hamlet, John Bruce and L. E. Powers, were lined up against the side of the car. One bandit tied their hands and feet and gagged their mouths so they could not call for help.

Three bandits stood guard. Before the registered mail was found the train started. It ran about fifteen miles, when one of the men pulled the train cord, applying the airbrakes and bringing the train to a stop. Taking three sacks of registered mail, the rubbers jumped off and escaped.

When Conductor McMahon came forward he saw the mail car door open. Looking inside he found the mail clerks bound. They were released and the train proceeded to Huntsville, Ala., where a posse was organized and sent back to the scene. The posse has a pack of bloodhounds.

Conductor McMahon said the men were undoubtedly professionals. They went about their business coolly and deliberately without firing a shot or disturbing passengers in the sleepers.

URGES MAYORS TO ASSIST AND PREVENT SMALLPOX SPREAD

Columbus, Sept. 17.—With a view to preventing the spread of smallpox from Pittsburg, where 70 cases are reported, to Ohio, Eugene F. McCampbell, secretary of the state board of health, today appealed to the mayors of all the border cities and towns of Pennsylvania and Ohio urging them to use every means to prevent the disease from entering Ohio. Mr. McCampbell urged that if necessary the passengers of all trains bound for Ohio be examined before they be permitted to disembark in this state.

TUGS SEARCHING FOR AN AVIATOR

Chicago, Sept. 17.—Tugs were dispatched at 1:15 this afternoon to search Lake Michigan for A. J. Engle of Cleveland, Ohio, who started on a hydro-plane flight from Clarendon Beach to the aviation meet in Grant Park. Rescuing parties were sent out after he had been missing two hours.

MARIETTA MAN IS DROWNED

Marietta, O., Sept. 17.—Losing their way in a fog on the Muskingum river early today, James Rusler, 22, and Ed Carsey, 28, held onto and drifted with an overturned row boat, in which they had started squirrel hunting, for half a mile. Rusler became exhausted and was drowned.

Carsey, who was a sailor, was rescued as he was about to go over a dam in the stream.

TWO KILLED IN AN EXPLOSION

Elgin, Ill., Sept. 17.—Two men were killed, one fatally hurt and a third seriously injured at Coiman Station, seven miles south of Elgin, when a factory boiler exploded. Robert Hayne was blown 75 feet and Steven Weck twice that distance. Both were killed.

SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIES

Sleep Disturbing Bladder Weaknesses, Backache, Stiff Joints, Rheumatic Pains Disappear After Few Doses Are Taken.

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache, and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders, for the new discovery, Croxone, quickly cures the most severe and obstinate cases.

Croxone quickly and permanently cures these conditions because it removes the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. Pills, tablets and other medicines merely stimulate the kidneys, occasionally giving temporary relief. Croxone makes the kidneys filter the blood and sift out all the poisonous acids and waste matter, that cause these troubles.

It soaks right in and cleans out the stopped-up, inactive kidneys like water does a sponge, dissolves, and drives out every particle of uric acid and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the uric acid so it no longer irritates the bladder, overcomes unnecessary breaking of sleep and restores the kidneys and bladder to health and strength, permanently and positively curing such troubles.

It matters not how long you have suffered, how old you are, or what else you have used. The very principle of Croxone is such that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it, and all your misery and suffering soon disappear. You can secure an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

WILLIAMS GOES TO SENATORS; KEARNS WAS OVERLOOKED IN FIRST DRAFT AT CINCINNATI

Shortstop Erroll Williams of the Newark club was one of the two players drafted yesterday from the Ohio State League. Drafts were filed for one other, Trautman of Ironton, but it was later recalled.

Next week the drafting season, which gives the minors the privilege of selecting players from clubs of lower classification, will open. The American association clubs will probably call heavily upon the State League.

Cincinnati, Sept. 17.—Seventy-seven minor league players were yesterday drafted by major league clubs at the annual meeting of the National Baseball Commission in this city. Of this number 47 will enter the American League either during the remainder of the season or the beginning of the next, while the National League, through the fortune of the draw, obtained 30 men.

Of the individual teams the St. Louis Americans were by far the more fortunate inasmuch as 16 new faces will be seen on this team in the near future. The next to approach the St. Louis Americans in point of numbers is the Chicago National League club, which secured seven men by draft.

The Washington, Detroit and Chicago American and Cincinnati and Boston Nationals each drew six lucky slips from the hat. The Philadelphia Americans got five, while the Cleveland and New York Americans and St. Louis Nationals each obtained four men. The Pittsburgh Nationals got three, Philadelphia and Brooklyn Nationals two each, while the Boston Americans and the New York Nationals drew blanks and did not secure a man. The contest for the more valuable players was more keen this year than is usual. Almost every man obtained from the Class AA or Class A teams was drafted by from two to 12 teams.

The visitors, baseball presidents and managers were entertained at a huge baseball banquet at the Laughrey club last night as the guests of Chairman Herrman of the commission.

Drafts from clubs in which Newark fans are interested are as follows:

From Newark, Williams by Washington Americans.

From Ironton, Burden by Cincinnati.

From Indianapolis, McKee by New York Americans.

From Columbus, Packard by Cincinnati.

From Ft. Wayne, Cooper by Boston Nationals.

From Dayton, Debarb by Washington Americans.

From South Bend, Keiserling by Chicago Nationals.

From Ft. Way, Boone by Pittsburgh.

From Akron, Schultz by Boston Nationals.

President Murphy of the Chicago club recalled several drafts, among them being one for Trautman of Ironton.

BELLBOY KILLED IN MOTOR WRECK; GIRL INJURED

Columbus, Sept. 17.—An example of "tank" riding on a motorcycle resulted fatally for Benjamin J. Atkinson, 22, of 151 West Fifth avenue, at 7 o'clock Tuesday morning, and seriously injured his companion, Mrs. Ivy Lyman, 24, whose parents live at 636 Mohawk street. The young man was a bellboy and the young woman a chambermaid at the Hartman Hotel. The accident occurred on the National Road, seven miles west of Columbus, when their cycle collided with a farm wagon bringing a load of furniture from London to Columbus.

The two were speeding toward Columbus on the north side of the road and probably did not see the wagon, which was coming on the same side, driven by Homer Davis of London. Furniture projected from the side of the vehicle and Davis believes that the young rider struck some of this. Indications are that Atkinson was running at high speed. The road is macadam. Both drivers were on the wrong side of the thoroughfare.

Atkinson's head was crushed and his companion was badly cut about the face and head and suffered many bruises. His body is in the morgue and she is in Mt. Carmel hospital. She was first attended at the home of County Commissioner Gibson, which is only a few hundred yards away from the scene of the accident.

SAVING MONEY AT HOME.

There's lots of wastefulness in soap. People usually argue that a cake of soap costs five cents and that's all there is to it. But it isn't. "Easy Task" soap, for example, does twice the work of cheap, common rosin soaps, and costs the same. It does the work quicker, better and much more easily. Its saving qualities only begin with its price; it saves clothes, fuel and health. Don't use uncertain soaps. Get Easy Task at your grocer's.

OPEN SEASON FOR SQUIRRELS

Equipped with bag and gun a number of local sportsmen took advantage of the open season for squirrels which commenced yesterday, and took the field in quest of the nimble animal.

According to reports from various sections of the county the game is not so plentiful owing to the fact that many of the animals have been forced to migrate because of the scarcity of their staple food.

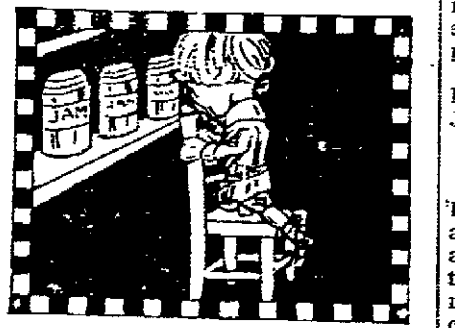

According to the provision of the game laws not more than five squirrels may be killed or injured in any one day, and several of the Newark gunners returned home last night successful in having bagged the limit.

FILES SUIT ASKING \$10,000 IN DAMAGES

Administrator of Sarah Hamilton Estate Brings Suit Against a Hebron Physician.

Matthias Miller, administrator of the estate of Sarah Hamilton, deceased, has filed a suit in common pleas court against Dr. George M. Brown of Hebron, asking damages in the sum of \$10,000. The petition of the plaintiff recites that on July 26, the defendant, a Hebron physician, was applied to to attend Sarah Hamilton, in a professional capacity, in the operation of extracting several teeth, an operation performed by Dr. Ray Reckhow. It is claimed that Dr. Brown administered large quantities of chloroform, from which the patient died.

The plaintiff states that at the time of the operation the defendant well knew that the deceased was afflicted with a weak and diseased heart, he having been the family physician, and that it was unsafe to administer the chloroform. In spite of the fact that he had at various times treated her for a weak heart, the defendant wrongfully, carelessly and unskillfully administered the anesthetic which resulted in the death of Mrs. Hamilton.

Mr. Miller, as administrator, through his attorney, S. L. James, prays damages in the sum of \$10,000, as above stated.

SPENCER MEETS DEATH CALMLY IN ELECTRIC CHAIR

Boston, Sept. 17.—Bertram G. Spencer, who shot and killed Miss Martha B. Blackstone at Springfield March 21, 1910, paid the penalty for his crime with death by electrocution at the Charleston state prison at 12:18:02 this morning.

Spencer was calm and walked into the death chamber unassisted. As he took his place before the electric chair he faced the small group of witnesses. Looking directly at them and speaking clearly, he said:

"I wish to say to the world and the press that this is not nerve, but the love of God which has sustained me. Good night."

Then he sat in the chair without a tremor.

JUMPED FROM SEVENTH STORY

New York, Sept. 17.—Miss Julia Wood, aged 30, said to be the daughter of H. C. Wood, chief of a branch of the navy department in Washington, late last night jumped from the window of her apartment on the seventh floor of the West Point apartments to the rear court yard, and was fatally injured, dying later in a hospital. She sustained compound fractures of both legs and internal injuries.

HOLDS SALARIES EXCESSIVE.

Chillicothe, Sept. 17.—Judge Curtin has decided that G. A. Vaughters, president, and other majority stockholders of the Chillicothe Electric Railway and Light Company must pay back about \$13,000 for excessive salaries drawn in six years. The suit was brought by Joseph Myers, representing minority stockholders.

TOT FALLS ON LEAD PENCIL.

Cincinnati, Sept. 17.—Harold Christy, aged 16 months, a son of Prof. Elmer W. Christy, supervisor of manual training in the Cincinnati schools, died in great agony as the result of falling on a lead pencil which he held in his mouth. The pencil was driven through the larynx by the force of the fall.

BOYS SCALDED TO DEATH.

Cincinnati, Sept. 17.—Harold, a 11 months old son of Charles L. Sheppard, street car conductor, and Lester Goebel, aged 5, son of Leonard Goebel, died as the result of being scalded by hot water accidentally overturned in their respective homes.

What We Never Forget.

According to science are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold sores. Only 25c at F. D. Hall's.

DON'T THROW THAT RUG AWAY.

Just because a rug looks old and worn and the dust has been ground into it so deeply and a day's beating will not take it out, do not throw it away. Make a thick white soap with Easy Task soap, scrub the rug flat on the floor, wipe it dry with a clean cloth and it will surprise you how beautifully new it is. Easy Task soap is an enemy to dirt and a friend to fabric of all kinds. It is the clean, white laundry soap that leaves your washing and doubles your satisfaction.

DOCTORS AND DRUG USERS.

"The Drug Taker and Physician" will be the title of a pointed article by Charles B. Towns in the October Century. Mr. Towns, who in recent issues of the Century has already written of the tobacco and drink habits and has also given a foreword on the growth of the use of drugs, will treat the subject very frankly, and deal with the small percentage of physicians who themselves use drugs, as well as with the quackery of "home cures" and sanatoriums of the questionable class. In the physician's personal sense of responsibility toward the drug taker, Mr. Towns foresees the betterment of existing conditions.

LEGAL NOTICE.

NEWARK MEN TO ADVERTISE COMING FAIR

A party of Newark men in automobiles will visit Lancaster, Reynoldsburg and intermediate towns tomorrow, and Mt. Vernon, Zanesville and intermediate towns on Thursday, in the interest of the Licking County Fair and Aeroplane Meet, Oct. 1 to 4, inclusive.

Messrs. A. R. Lindorf and O. C. Jones' machines will go to Lancaster, the party including Messrs. A. H. Lindorf, O. C. Jones, C. W. Miller, C. H. Spencer, W. L. Sperry, H. L. Flexroth, C. E. McDaniel, W. S. Weiant, Messrs. J. M. Farmer and M. J. Reese will furnish machines for the trip west, the party to be made up of J. M. Farmer, M. J. Reese, W. F. Alward, W. H. Mazey, B. B. Jones, U. O. Stevens and Dwight Williams.

On Thursday E. M. Baugher and H. L. Montgomery will take W. F. Alward, F. M. B. Windle, A. L. Norton, Wm. E. Miller, C. D. Lake, Harry Rosell, M. C. Kent and Sol Hirschberg to Mt. Vernon, and at the same time Geo. B. Sprague and Phil Vogelmeier will take the following named men on the trip to Zanesville: Frank S. Neighbor, George Hermann, Henry Beckman, G. E. Bescanecney, W. C. Kuster and W. C. Wells.

Those going on the trip are requested to meet at 8 a. m. in front of the Newark Trust building.

Banners advertising the coming attraction will be attached to the autos and each machine will be filled with advertising matter for distribution in the towns to be visited. The men making the trip will address the people in the towns to be visited, and the newspapers in the territory to be covered have announced the coming of the Newark party.

Volunteers are wanted for this work. Owners of automobiles who are willing to donate the use of their cars and business men who are willing to give a day to the work of boosting the coming fair and airship flights by taking the auto trips that have been planned are asked to telephone any one of the following members of the advertising committee: W. F. Alward, R. W. Smith, F. S. Neighbor, C. H. Spencer.

Who Said Corns? I Use "GETS-IT!"

It Works On a Sure New Plan.

"Glory! Come and See How GETS-IT Works!"

"GETS-IT" the new corn cure on a new principle, works like the touch of a fairy's wand. No more knives, razors, files or other instruments of torture for corn-sufferers. No more salves, plasters and bandages that hurt the rest of the toe more than they relieve the corn.

"GETS-IT" never irritates or turns the true flesh raw. It is as safe as water. But, my, how it does eat after corns, bunions, callouses and warts. It works painlessly, but it shrives 'em right up until they drop off, leaving the firm, healthy foot underneath.

"GETS-IT" is guaranteed to give satisfaction, or your money is refunded.

All druggists sell "GETS-IT" at 25 cents a bottle, or it will be sent on receipt of price by F. Lawrence & Co., Chicago. Sold in Newark by W. A. Erman.

CHARMING WAIST OF WHITE SATIN

Here is a charming waist of white satin, black velvet and white flannel lace. The three materials are combined in an effective design. Double-plaited tulle ruffles around the neck. Plain net yoke and forearm sections of sleeves. White pearl buttons at the front.

To an actress is attributed the recent invention of a capacious trunk which can be converted into a complete bureau and dressing table.

EARNEST ADVICE

From a Woman Who Suffered from Lack of Blood and Who Has Recovered Perfect Health.

Bloodlessness is one of the greatest enemies of growing girls and young women. So stealthily and gradually does it afflict them that the disease is often well advanced before it is detected. Therefore it is important to note the first symptoms and check the timing of the blood.

Miss Helen J. Pounds, of No. 929 Libby street, Toledo, Ohio, who cured herself of anemia with Dr. Williams' Pink Pills for Pale People, says: "I cannot speak too highly of Dr. Williams' Pink Pills for Pale People. Since I was a girl in my teens I suffered from anemia and headaches. I never received benefit from the doctors. To tell the truth I don't believe they knew what ailed me. My digestion was poor and I had difficulty in keeping anything on my stomach. I had an abnormal craving for various articles of diet which I had to satisfy. There were awful pains in my stomach. I had very frequent spells of dizziness when I would have to sit down and rest. I was terribly nervous and couldn't stand any noise. I was very restless and one night couldn't sleep for more than two or three hours. I had sick headaches over the eyes and through the top of my head. I suffered from pains in the side.

"After a year's sickness I began taking Dr. Williams' Pink Pills for Pale People. From the first I began to gain color in my cheeks and gained in weight and strength. I kept on with the pills until I was cured. I am perfectly well now, weigh more and am stronger than ever before in my life. I am in perfect health and am sure that Dr. Williams' Pink Pills for Pale People were the very medicine needed in my case."

A helpful booklet, "Building Up the Blood," will be sent free to any address on request. It will show you what Dr. Williams' Pink Pills have accomplished in cases like your own.

Dr. Williams' Pink Pills have repeatedly cured anemia, indigestion, neuritis, St. Vitus' dance, rheumatism, lumbago and sciatica. All druggists sell them or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

RESURRECTION

FOR WOMEN ONLY.

This is the nature of Dr. Pierce's Favorite Prescription—that one actually has women which contain no alcohol and no habit-forming drugs. Minute from native medicinal forest roots. Dr. Pierce tells its every ingredient on the bottle wrapper. Prominent physicians and some of the best medical authorities endorse these ingredients as being the very best known remedies for ailments and weaknesses peculiar to women.

This is what Mrs. GRACE E. COFFEY, of Longstreet, Ky., says: "I feel it my duty to write and tell you what your medicine has done for me. I was a great sufferer for six years from a trouble peculiar to women, but I am thankful to say, after taking four bottles of your 'Favorite Prescription' I am not bothered with that dreadful disease any more. I feel like a new woman. When I first wrote you for advice I only weighed 115 pounds—now I weigh 135."

"I thank you very much for your kindness. You have been as a father to me in advising me what to do, so may God bless you in every effort you put forth for good."

"I hope this testimonial will be the means of some poor suffering woman seeking health."

Dr. Pierce's Medical Adviser, newly revised up-to-date edition, answers hosts of delicate questions about which every woman, single or married ought to know.

THE HUMAN PROCESSION

By O. Terrence.

BARTENDER TO BECOME A PRINCETON FRESHMAN.

Hundreds of young men who have spent the summer at resort hotels in the humble capacity of waiters are now flocking back to their colleges and universities. The student who works and waits at the same time is a familiar figure at Summer hotels, and has come to be accepted as a matter of course. Princeton University however, is perhaps the first great American institution of learning to have a real bartender numbered among its students. He is John Larsen of Chicago, and when the New Jersey university opens day after tomorrow his name will appear among the freshmen.

Mr. Larsen goes to Princeton as the winner of the first scholarship offered by the Princeton Club of Chicago. His father is the proprietor of a house of call in Milwaukee avenue, Chicago, and the bright youngster is a familiar figure behind the bar. He is a husky young man, standing six feet in his hose, and weighing in the neighborhood of two hundred pounds. And it is all solid meat, and not surplus fat of the kind that is accumulated by too great indulgence in alcoholic beverages. Young Larsen never takes anything, and when the news reached him that he had won a Princeton scholarship he did not celebrate even to the extent of a "pony" beer. Larsen looks like mighty good football material. He is one of the crack athletes of a Chicago Y. M. C. A., is a good basketball player, and can heave a 16-pound shot 42 feet. He has announced his intention of trying for the freshman football team.

John Larsen was born twenty-one years ago at McHenry, Ill., where his father was long the proprietor of a Summer hotel and bar. He has been in Chicago four years, and recently graduated from Evanston Academy. He has been taking a preparatory course at Lewis Institute this summer. It has been his custom to open the bar at 5:30 in the morning, remaining on duty until his father arrives at 8 o'clock. He has another shift in the afternoon, and another at night. Despite these activities, he has kept up his studies and is in every respect equipped to enter the university. Mathematics and civic engineering will be his specialties at Princeton, and he expects to make engineering his profession. He speaks French and German as well as English.

In the intervals of serving customers he carries on his studies, and it was this spirit of intellectual application that led to his Princeton appointment. The buffet is lined with text books on such subjects as analytical geometry, physics, chemistry and surveying, and these naturally attracted the attention of patrons, as being somewhat unusual furnishings for a place of liquid refreshments. The studious barkeeper thus won the friendship of Clyde Stevens, who was captain of the Princeton '04 baseball nine, and Donald McPherson, a prominent Chicago attorney who was educated at Princeton. They recommended Larsen for the new scholarship, as well as helping him in his studies.

Young Larsen is very popular with the patrons of the Larsen saloon, which is an exceptionally clean and orderly place, patronized largely by professional and business men. Some of the customers declare, however, that as a drink mixer the young man is an excellent civil engineer.

Larsen is described as a handsome affable, attractive young man, and his friends predict that he will be immensely popular at Princeton. Some have expressed fears that the fact that he has been a bartender may be against him, but this is unlikely. There are snobs in all colleges, but the Chicago bartender will never miss their approval, and he will doubtless be popular among the great mass of students.

WELL, WELL.

—OH, DEAR, AND IT'S GOING TO BE THE LARGEST AND MOST IMPORTANT ONE—THE VEE-EEV HAD—OH, DEAR.

DON'T WORRY, WIFEY, YOU GET A LONG—ALL RIGHT.

POOR WIFEY, SHE'S WORRIED TO PIECES ABOUT MAKING THAT SPEECH—I'LL SIT DOWN AND DOPE OUT SOMETHING FOR HER.

I DON'T KNOW MUCH ABOUT THIS STUNT—BUT I'LL HELP HER.

HERE YOU ARE WIFEY—DON'T WORRY—ANY MORE ABOUT YOUR SPEECH—I'VE WRITTEN ONE FOR YOU.

OH?

—OH, JOHN—THE SPEECH DOESN'T WORRY ME A BIT—I'M PUZZLED TO KNOW WHAT GOWN TO WEAR—OH, DEAR.

FACE DISGRACEFUL WITH RASH

Large Scabs Would Form, Fester and Break. Itching and Burning. Kept from Sleeping. Cuticura Soap and Ointment Cured.

Sioux Falls, S. D.—"My trouble of skin disease started merely as a red, itchy face and neck, but it grew and kept getting worse until large scabs would form, fester and break. This was just on the one side of my face, but it soon scattered to the other side. I suffered a great deal especially at night on account of its itching and burning. I would scratch it and of course that irritated it very much. This rash was on my face for about two years sometimes breaking out lots worse and forming larger sores. It kept me from sleeping day or night for a couple of months. My face looked disgraceful, and I was almost ashamed to be seen by my friends."

"A friend asked me to try Cuticura Soap and Cuticura Ointment. I would bathe my face with hot water and a lot of Cuticura Soap, then I would put on the Cuticura Ointment. In less than two days' time, the sores and inflammation had almost entirely disappeared, and in four weeks' time you could not see any of the rash. Now my face is without a spot of any kind. I also use them for my scalp and hair. They cured me completely." (Signed) Miss Frances Hutches, Feb. 6, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p Skin Book. Address post-card "Cuticura, Dept. T, Boston."

For tender-faced men should use Cuticura Free Shaving Stick, 25c. Sample free.

Here is an attractive gown of sapphire blue chiffon cloth. Giraffe and bows of black satin. Shadow lace forms deep collarette on the bodice, and is mounted in a wide band around the foot of the skirt, above the three shirred ruffles. The skirt is shirred to a draped yoke of the material. The fastening is at the waist.

Entered as second class matter
March 10, 1912, at the postoffice at
Newark, Ohio, under Act of March 3,
1879.

On the 4th of March next I shall
have served three and a half years,
and this three and a half years
constitute my first term. The wise cus-
tom which limits the President to
two terms regarding the substance and
not the form, and under no circum-
stances will I be a candidate for re-
election another nomination.—Theodore
Roosevelt, November 8, 1904.

W. L. Finley, Ohio manager of the
Democratic campaign, mailed about
\$8,000 invitations to Democrats of the
state, requesting their presence at a
reception to be given Governor Wilson
at 1 o'clock Friday afternoon at
Columbus. The reception com-
mittee is composed largely of candi-
dates for office on the Democratic
ticket, and nearly all of the nominees
are said to have been selected to act
as members of the committee.

Death of Mrs. McLean.

(N. Y. Evening Journal.)
The death of Mrs. John R. McLean
carries mourning into the hearts of
thousands of men and women in this
country.

All of those that knew the intellec-
tual side of life in Washington and at
Bar Harbor knew the woman whose
death has taken the sunlight from a
large circle of friends.

Mrs. McLean encouraged in good
paths and in useful work the young
men who came within the field of her
husband's influence at Washington.
She was the friend of those that
needed a friend.

Victor Hugo has said that the death
of a just man is like the end of a
beautiful day. The death of such a
good woman is like the falling of a
beautiful flower.

And now the Republican Governor
of Pennsylvania has settled all doubts
as to which of the party factions he is
lined up with. He has come out
squarely on the Bull Moose side and
will support Roosevelt as against
Taft. The G. O. P. split in Pennsylv-
ania, its greatest stronghold, has
made it impossible for either Taft or
Roosevelt to carry it this year. Wood-
row Wilson will be the first Demo-
cratic presidential candidate to carry
the state since 1856.

President Taft is making very few
speeches in the campaign. He is not
going around much to see the people
and not many of the people are going
to see him. It looks very much to a
man up a tree that Taft gives up the
fight and is resigned to his fate.

The Pennsylvania G. O. P. elephant
is on the dissecting table to be cut in
twain and the carcass divided between
the Penrose Stand-patters and the
Flinn Bull Mooseers. Such is the irony
of fate of the once powerful G. O. P.
emblem of political oneness and domi-
nation.

What support can Roosevelt expect
from the farmers when the Harvester
Trust is his chief financial backer and
its agents are his most active boost-
ers?

In certain circles Roosevelt is con-
sidered a handicap on Taft. But
Woodrow Wilson could easily defeat
Taft if Teddy were not in the race.

In the news last week from the iron
and steel trade it appeared that 15,000
tons of pig had been sold to go to
Austria and Italy, and more is going.
Twelve thousand tons of rails have
been sold to the Siamese Government,
and railroad in Mexico and Central
America are in our market for 26,000
tons. Will some of the Protectionists
who are trying to scare workmen
out of voting for Wilson and Marshall
explain how it is that we are able to
export iron and steel to Europe and
to countries where we encounter
European competition if the wages
paid to American workmen make it
impossible for the American manu-
facturer to meet foreign competition
in our own market?

TAFT AND DEBS FIGHTING FOR FOURTH PLACE

Chicago, Ill., Sept. 17.—"The fight in
the West is between Taft and Debs
for fourth place," said Senator Joseph
M. Dixon, the Progressive campaign
manager yesterday.

Mr. Dixon has just returned from
his journeying through the near and
the far West. Ten days of prairie and
mountain air have restored his health.
The Senator reformed the Colo-
rado's word about the West.

"The Progressive ticket," said the
campaign chief, "will sweep Califor-
nia, Washington, Oregon, Idaho, North
and South Dakota, Minnesota, Kansas
and Nebraska. The Progressives do
not think this merely, they know it.
The signs are all there, and neither
Taft men nor Wilson men can move
them.

"In Montana, Utah, Wyoming and
Colorado there will be a hot finish be-
tween Roosevelt and Wilson. The
President has no chance in any state
west of the Mississippi river.

"I am hopeful for Montana, but it
must be remembered that Idaho, North
and South Dakota are on our backs out
there, and it is doing all that it can
below ground and above ground to
beat progression.

"Amalgamated Copper is supposedly
for Taft, but it is also for Wilson."

Sept. 17 in American History.
1862—Battle of Antietam, the bloodiest
single day's battle ever fought on
American soil; losses about 12,000
on each side. As a result the Con-
federates abandoned the invasion
of the north.

1900—A strike involving 140,000 men
in Pennsylvania anthracite coal
region.

1910—Susan Hale, artist and writer
and sister of the late Edward
Everett Hale, died; born 1833.

1911—Colonel J. J. McCook, last of the
"fighting McCooks" of Ohio, noted
in the civil war, died; born 1844.

HEALTH HINT FOR TODAY.

Scarlet Fever.
Six days after exposure a child
in whom scarlet fever is devel-
oping will have a rise of fever
and a sore throat. One day later
a fine scarlet rash appears in
most cases. Usually the rash
fades in seven days, and scaling
of the skin begins in eight days.
The throat is red and sore while
the rash is out, and it continues
red, swollen and boggy for days
after the rash is gone. The great
mistake which we make in han-
dling scarlet fever is in paying
too much attention to the rash
and too little to the throat. Many
of the cases never develop a rash
at all, but they do get sore
throat. The throat is the thing
to watch. When the patient is
recovering, again we have judged
by the rash and the scaling as to
when the quarantine should end.
Again the throat's the thing.
Watch the throat. We know lit-
tle about the germ which causes
scarlet fever. We know less
about experimental scarlet fever
than we do about experimental
measles.

CAMPAIGN OPENING OF OHIO DEMOCRACY COLUMBUS, SEPT. 20

A "Wilson Special" will be run from Newark to
Columbus Friday afternoon at 4:43 o'clock over the Ohio
Electric railway to the Democratic state campaign open-
ing.

Bob Dold's famous Buckeye band will accompany
the special and furnish music for the Licking county
delegation.

The excursion is given under the auspices of the
Licking County Democratic club and the affair promises
to be one of the notable ones of the approaching cam-
paign.

The mass meeting will be held Memorial Hall at
7:30 o'clock and a number of marching clubs, including
the Licking County Democratic club will escort Gov-
ernor Wilson, Congressman James M. Cox and Mayor
Newton Baker of Cleveland, the speakers of the evening,
to the hall.

The Wilson club of this city will join the excursion-
ists and participate in the opening.

Tickets for the special will be on sale Wednesday,
Thursday and Friday at Democratic headquarters on
South Third street and at the Advocate office at 85 cents
for the round trip and good on all trains Friday.

Tickets good returning until Sunday evening.

ASK ME NO MORE

Ask me no more—the ice man just presented his season's bill, which
jagged me to the soul; and now I'm tolling, sad and discontented, to fix
a bin to hold the winter's coal. The grocer says I'll
simply have to settle the long, long bill I've run up at
his store; the hardware man, who sold me junk and
metal, demands his pay—O friend, ask me no more! Ask
me no more—the milkman, large and burly, is here for
cash, and makes disturbing threats; the erstwhile genial
clothing man is surly, and sneers at folks who fail to
pay their debts. The butcher, who is rude in voice and
manner, is violent, and says he'll wade in gore; the
blacksmith says he'll biff me with a spanner if I don't
pay at once—ask me no more! Ask me no more—the
folks who owe me money keep owing it, and doubtless
always will; they seem to think it rather smart and
funny to dodge me when I bring my little bill. Thus
wags the world, this vain old world and vicious; we'd
like to pay, but can't collect the ore, and finally the
bailiffs come and dish us, and levy on our goods—ask me no more!

The Graciousness of Anne

RUTH was feeling just a trifle despondent. She was going to a little afternoon affair at Anne's and she didn't have just the clothes in keeping with Anne's smart style of living.

For Anne dwelt in a very lovely home on a fashionable country road. She had more money than she could use, without thinking hard how to do it. And she wore lovely gowns and beautiful jewels and had a motor, and, from Ruth's point of view, almost everything that made life desirable.

So Ruth as she looked at her plain, inexpensive dress felt just a trifle dispirited.

But Ruth, though she was one of Anne's chums, hadn't sounded all the depths of Anne's nature. For as she went in to take off her hat, Anne said: "You look perfectly sweet, dear, in that dress. You have just the right lines for your figure."

At which Ruth chirped up a bit.

Later, when some discussion brought up the question of watches, Anne said, "I do so like that silver watch of yours, Ruth. There's something so dainty and refined about it. And I like that second-hand too. I'm going to get a watch for myself just like it."

And at this, Ruth was chirped up more. For to have the wealthy and lovely Anne copy her in some article of dress was a compliment indeed.

And thus all the afternoon, whenever it came Anne's way to say a gracious thing, she said it. And Ruth went home feeling quite satisfied with herself and her clothes. Without exactly stating it, Anne had made her feel that taste in dress was the equal of money. And so, because of Anne's graciousness and kindness, Ruth not only had a delightful afternoon, but all her repinings about her clothes vanished into nothingness.

"It was lovely of Anne, wasn't it?" Ruth confided to her mother, as she sat on the porch and discussed the afternoon's affair. "She might, even though unintentionally, have made me feel quite uncomfortable. But instead, she saw all the little details she could say nice things about and she said them; and she was so sincere in her admiration that I really felt quite set up. It isn't often you find a wealthy girl like that."

And since she couldn't have costly dresses, Ruth decided to go in for details that would give charm and personality. For she knew that if she had caught Anne's eye and pleased her with these things, she could make the same impression on others by the same method. And so she need not, because of lack of money, give up those whose society she really enjoyed, but who had more of this world's goods than she had, and whose invitations she had been somewhat doubtful about accepting because she could not dress or entertain as they did. Anne's genuineness had put these things to her in a new light.

A CHILD'S WASTE CLOGGED BOWELS

Makes It Cross, Peevish, Restless and Fretful—If Tongue Is Coated Give "Syrup of Figs."

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and 30 feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen Mothers—for your child's sake don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics it cannot be harmful. Full directions for children of all ages and for grown ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

HOME FROM TRIP ON BIG FREIGHTER

Mr. and Mrs. Bernie Wingenter and sons Jack and Kermit, returned Monday evening from a three weeks' delightful outing on the great lakes, making a round trip from Cleveland to Duluth on one of the largest freight vessels plying between these ports. They were the guests with five others of one of the large steel companies of Cleveland and during the voyage stopped at Detroit, St. Louis, Superior and Duluth, stopping at the latter place five days. Mr. Wingenter visited a number of industries while on the trip including several fisheries where members of the fishery tribe are shipped daily by the hundreds of thousands. He states that the weather was ideal, the trip thoroughly enjoyed by all, and the experience on the big freighter was novel and unusual.

BRIGHT PROSPECT FOR 5 CENT EGGS

Columbus, O., Sept. 17.—Five-cent eggs are now predicted. The authority for the statement of what may be expected next winter is Prof. F. S. Jacoby of Ohio State University, head of the Poultry department. His investigations have disclosed that storage eggs are now being used in cities when usually they are held in reserve at this season of the year. Laying hens are scarce, he says, owing to a variety of causes, and hen fruit is likely to soar unusually high this winter.

SIX MONTHS AND FINE OF \$100 FOR LILLIAN FOUGH

Enticed Young Girl to Enter House of Prostitution in This City.

Tuesday morning in juvenile court in Columbus Lillian Fough, alias Smith, was tried on the charge of having enticed Ruby Hassler, aged 16 years, to enter a house of prostitution in Newark. When arraigned before Judge Black she pleaded guilty and was sentenced to pay a fine of \$100 and to serve a term of six months in the workhouse.

This trial and sentence marks the

conclusion of another feature of the case which has attracted considerable attention over the state on account of the sensational events that have developed in its progress.

The Hassler girl was found in a Newark house of ill-fame, and as a result two women, Nellie Luston and Nora Parker were charged with having contributed to her delinquency. The women were released on bonds of \$200, but the Luston woman died from an overdose of morphine before her case came to trial.

Last Saturday, when the case of Nora Parker was called counsel asked a continuance, and subsequently that a jury be drawn for the trial of the case on Saturday next at 9 o'clock.

The Parker woman was subpoenaed by the Columbus court as was probable court officer James Sheridan, but their testimony was not needed owing to the plea of guilty entered by the prisoner.

YOUNG GIRL IS RETURNED TO THE DELAWARE HOME

Ruth Thomas, the little fifteen-year-old colored girl who has troubled local juvenile officers for the past two years, has again fallen into the toils of the law. An officer of the Delaware Girls' Industrial School came to Newark yesterday afternoon and after investigating several reports of the girl's misconduct decided that she had violated her parole and should be returned to Delaware. And so, for the third time, the child is in the state institution.

The Thomas girl has been out of the Delaware home for about eight months and has been residing with her parents in the rear of a Hoover street house. It was thought that she had learned a much-desired lesson from her two previous visits at Delaware, and for a while the girl seemed to be keeping proper company. Recently, however, reports of her actions with men much older than herself gained credence and the Delaware officials decided that a few more months of careful attention and guidance should be given the girl.

"SEEING NEWARK" IS DRAWING CARD AT WONDERLAND

The "Seeing Newark" moving pictures, a special feature film that is being offered this week by the management of the Wonderland theatre, drew capacity crowds yesterday afternoon and evening, when they were shown for the first time.

Panoramic views, street scenes, churches and school houses, and other local pictures are shown in the reel, the feature of which is a series of pictures showing the fire department in action.

Exterior views of the plant of the Wehrle company give a splendid idea of the magnitude of the factory. According to the statement of the theatre management the superintendent of the mammoth stove plant said that if the local pictures were successful he would have an operator come to Newark and make pictures showing the manufacture of stoves from the first process to the completed article.

The Newark pictures are drawing big for the reason that hundreds got into them and are anxious to see themselves in the "movies."

FINE FOR SORE EYES, CUTS, BURNS AND BRUISES

For Miles Around People are Coming to T. J. Evans for Soothing, Healing, Antiseptic Inflam-macine.

When T. J. Evans decided to accept the agency for Turner's INFLAMMACINE for Newark and vicinity, he certainly did a great favor to sufferers in this neighborhood. The price is so small—only 25 cents for a generous Porcelain Jar, and the guarantee "Money Back if dissatisfied for any reason" is so honorable that the sales are increasing by leaps and bounds.

Thousands of people the country over have used Turner's INFLAMMACINE, a clean golden yellow salve, with great success for 20 years. It is better today than it ever was for Catarrh, Coughs, Colds, Tonsillitis, Sore Throat, Inflamed Eyes, Piles, Eczema, Neuralgia, Caked Breast, Ivy Poison, Earache, and all aches and pains. LAST OUTING FOR THE SEASON OF ELK LODGE

The last stag outing of the season of the local lodge of Elks will be held tomorrow at Beech Island and Great preparations are being made for the event. The outings this year have proven successful and enjoyable affairs, and are always looked forward to with a great deal of pleasure by members of the antlered herd.

The social committee of the lodge, Messrs. George Hermann, Jerrard Besanceney and Dr. H. E. Baker, has prepared a program that will prove more than interesting and which includes among other things golf, tennis, base and football, running and jumping matches for prizes, swimming contests, boat races and numerous other athletic sports.

The chief feature of the outing will be the big spring chicken and fish dinner which will be served at 1 o'clock. Lunch will be served at 10 and 5 o'clock.

A special car will leave the interurban station at 9 a. m. and boats will be taken at the park for the island at 9:45.

RETURNED FROM LONG AUTO TRIP

Mr. and Mrs. R. A. Hutchinson and two babies, returned Monday evening from a three weeks' delightful auto trip through Michigan, Northern Illinois and Indiana, during which time they traveled 1870 miles in a Hupp-mobile, visiting at Kenton, O., Ft. Wayne, Kalamazoo, Grand Rapids, Traverse City, Charlevoix, Petoskey and Mackinac Island. The machine was shipped at Luddington, Mich., across the lake to Milwaukee, and they returned to Newark via of Chicago, South Bend and Ft. Wayne, Ind. They visited Mr. Hutchinson's brother-in-law, Dr. R. E. Wells of the Traverse City State Insane asylum and also met Dr. S. C. Priest and son Verne of this city at that place. Mr. Hutchinson is the well known representative of the Armour Packing company for this territory with headquarters in this city.

Alcohol for Boys? Go To Your Doctor
Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's non-alcoholic Sarsaparilla as a tonic for the young.

Daddy's Bedtime Story

Where Fairy Green Jacket Found Butterflies

Mary Sees the Elf

FEATHERS on butterflies' wings? Yes, indeed. Daddy said there were beautiful feathers growing all over their wings, and some day when he had a butterfly and a magnifying glass he would let Jack and Evelyn peep through and see them.

"They do say that the lady fairies like the feathers to trim their hats and gowns," daddy remarked.

"The queen has a flock of the most beautiful butterflies in the world. As the butterflies feed by day and the fairies sleep at that time, the job of minding this flock is one for which the fairy lads do not care very much.

"One day little Green Jacket was sent out with the butterflies for the first time. He carried a long silver crook and staff with which he guided his little charges when they wanted to fly the wrong way.

"It was sunny and, in the middle of the day, Green Jacket, who had danced more than he should at the fairies' ball the night before, looked around to see if there was not some quiet corner into which he could crawl to take a nap. The butterflies were browsing on the flowers in a pretty garden and Green Jacket felt quite sure they would stay there while he had what he called his forty winks.

"So he crept into a morning glory and was soon snoring.

"While he slept, several bees who were in the habit of getting honey from the flowers where the butterflies were sipping, came fluttering along.

"Their angry buzzing frightened the flock and up soared the butterflies and away over the housetop. When Green Jacket awakened from his forty winks there wasn't a butterfly to be seen.

"So he hunted everywhere and asked every one whom he met. So distressed was he that a lot of birds and little gnats and other insects joined him in his search.

"And when they found the flock, where do you think they were? Hovering around little Polly Piper in her garden. Polly had a nice slice of bread coated with sirup, and the butterflies wanted a taste. Polly kept shooting them away and laughing and gurgling with delight.

"Green Jacket was so tickled to find the flock that he forgot to make himself invisible before Polly saw him. And Polly did see him, Green Jacket and all, before he remembered and whisked out of sight.

"And when Polly went in the house she tried to tell her folks about having seen a little fairy. But Polly was only three years old, and nobody paid much attention to what she said."

Wm. S. Griffith died this morning at his home in South Fourth street. Mr. and Mrs. P. F. Rhoades, Mrs. D. C. Winegarne and daughter, Kate, who have been traveling in the east, have returned home.

Fifty Years Ago Today.

Battle of Antietam, or Sharpsburg, Md. General George B. McClellan, with the Army of the Potomac and Burnside's Ninth corps attacked General R. E. Lee's army on Antietam creek. The bloodiest single day's action of the war. Both armies fought to a standstill, having lost 12,000, approximately, in killed and wounded on each side. Federal General Mansfield and Confederate General Branch were among the killed.

General G. W. Morgan's Federal command evacuated the fortified position at Cumberland Gap, Tenn., and retreated across the Cumberland mountains to the Ohio river, above Cincinnati.

Committees Meet Friday.

A meeting of the several committees that are boosting the County Fair and Aviation meeting for the week of Oct. 1-4, will be held Friday at 2:00 p. m. in the Newark Trust building.

Musical Thursday Evening.
Mrs. Harvey Montgomery's First Presbyterian Sunday School class, which has assumed a portion of the cost of building the new church will give a musical Thursday evening, Sept. 19th, at 8:15 o'clock at the home of Miss Elizabeth Spencer, corner of Granville and Seventh streets. Mr. James Wolfe, Miss Bessie Larkin and Miss Flurschuz will take part in the program. All are invited to attend. An admission of 15 cents will be asked. 17-21

Mr. Montgomery was the last of a family of ten children and was born in Perry township, this county, residing there his entire life. He had been a faithful member of the M. E. church since childhood and was a man who was universally respected and esteemed and was a kind and loving husband and father.

Mr. Hamilton was married in 1879 to Miss Leanna Wilson of Hanover, two children being born of the union. Stanley W. of Alexandria and Edwin W. residing at the home. His wife died Jan. 21, 1898, and he was again married in October, 1902, to Rebecca Channel of this city, who, with the two sons, survives. The funeral will be held Wednesday afternoon at 1:30 o'clock, standard time, interment at Hanover cemetery.

Mrs. Gertrude Sapp, aged 54, a native of Knox county, died Tuesday morning at 10:30 o'clock at the home of her son, Dr. G. W. Sapp, in West Main street, after a year's illness of cancer. Her death came as a relief to her sufferings, which she bore with great fortitude.

Mrs. Sapp was born in Gambier, Knox county, where she spent most of her life. Her husband, the late John Sapp, died four years ago at Gambier.

She has been a resident of Newark for a little more than a year, when she came here to make her home with Dr. Sapp, who is associated with Dr. P. H. Cosner.

She is survived by two children, Dr. Sapp and Mrs. Theodore Kemp Jr., both of Newark; one sister, Mrs. P. H. Cosner of Newark; and four brothers, Messrs. W. W. Young of Mt. Vernon, Fred and Andrew Young of Gambier, and Lee Young of Newark.

SUMMER SUGGESTIONS FOR THE MOTHER.

Seasonable Advice on the Health of Children in Hot Weather.

Mothers should be careful not to overfeed children during the hot months. No one requires as much food in summer as they do in cold weather. Serve only the lighter and more easily digested foods, and see that the milk is kept cool and the fruit ripe.

It is quite natural to expect some disturbance, such as constipation, indigestion, or summer diarrhoea, often accompanied by a cold. A mild laxative at bed time will, in most cases carry off the congested waste from the stomach next morning, and by cleaning the bowels restore normal conditions.

Cathartic remedies and purgatives should never be used for children. They are harsh and violent in their action and tend to upset the entire system. The administration of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, and sold by druggists for fifty cents a bottle, is now very generally used to correct stomach and bowel trouble. It is mild and pleasant to the taste and contains no drastic drug or narcotic, but acts naturally and easily, yet most effectively. A larger bottle containing more than twice the quantity is sold for one dollar. If you have never used Syrup Pepsin and would like to have a free trial bottle, postpaid, write to Dr. W. B. Caldwell, 406 Washington St., Monticello, Ill.

BURNS WERE NOT SERIOUS

Mrs. Jacob Stock, residing at the home of George Evans in the Sharon Valley road, sustained slight burns Monday night when a quantity of coal gas in the kitchen range exploded. Mrs. Stock's face was slightly burned and her hair singed but she was otherwise uninjured.

The noon edition of a Columbus paper carried a story under big headlines that Mrs. Stock was fatally burned. An Advocate reporter called the Evans home this afternoon and talked to Mrs. Stock. She stated that her experience was unpleasant but that her burns were not at all serious.

Notice Team Drivers' Union.

Billy Papke, 26 Today, is Almost Physically Perfect Man

Billy Papke, who is 26 years old today, has been described by physicians and physical torture experts who have examined him as being an almost physically perfect man. He has never dissipated and ought now to be in his prime. Why he was unable to come back and regain his lost laurels as middleweight champion is a mystery.

Papke commenced his fighting career at the La Salle, Ill., club, as stated yesterday. Early in 1906, and by the latter part of that year had advanced to a point where he was fighting as a principal before more important clubs in Illinois. Doctors who looked the Spring Valley boy over, declared that he was a physical marvel. Standing 5 feet 8 1-2 inches, he had a reach of 72 inches, barely an inch less than that of James J. Corbett, who is five inches taller. This gave him a great natural advantage and despite his ignorance of the science of boxing, he was usually able to win easily over his opponents in his early battles. His first experience as a principal was in Peoria, where he knocked out Milt Kenney in the third round, in November, 1906. He was paid \$100 for this affair, which seemed a small fortune to the village lad. By this time Papke was becoming an attraction, and less than a month later the Peoria promoters paid him \$200 for beating Kid Farmer, a really clever fighter. Billy began the year 1907 by defeating Tom Wallace in four rounds and earning a decision over Dick Fitzpatrick in ten rounds at Peoria. Both of these contests took place in January, and from the two Papke realized nearly \$500. Next he got \$250 for less than one round of fighting, with Carl Anderson, a clever Hossier boxer, as his victim. By this time the news of the prowess of the "Illinois Thunderbolt" was trickling into the big city papers, and his fame was enhanced by the decision he received over Billy Rhodes, the Kansas City fighter who was then a near-champion in the welterweight division. Rhodes and Papke were matched again in Davenport, Ia., in March, 1907, and this time the Kan-

sas City boy managed to get a draw, although he took an awful beating. Johnny Carroll, a middleweight much heavier than Papke and a crack boxer, took the count in four rounds. Tomorrow the story of Papke's career will be continued.

Somerset Fall Festival.

The committees in charge of the Somerset Fall Festival and Agricultural Exhibit are working strenuously to make that event the most notable of its kind in the history of Perry county. The Festival, which will also be a home-coming reunion for old residents and former citizens, will take place in Sheridan Square, Somerset, on Thursday, Friday and Saturday, September 19, 20 and 21.

A varied program has been arranged for the occasion, including an exhibition of Farm, Dairy and Domestic Products, an exhibit of Farm Implements and Machinery, a prize competition for Horses and Colts, an exhibition of Poultry, a varied Flower and Fruit exhibit, a Baby Show, a grand automobile parade on the opening day of the Festival, and a pleasing variety of free entertainments and amusement features.

To get a good storm effect in a play the stage hands have to work like thunder.

You can't always tell from the sort of music it renders how much discord there is in a church choir.

ROSENTHAL MURDER RECALLS SHARKEY'S JAIL DELIVERY

The recent Rosenthal murder in New York and the subsequent inquiry into police graft recalls a similar case of forty years ago. Indeed, today is the fortieth anniversary of the deliberate and cold-blooded murder of Robert S. Dunn, a gambler, by William J. Sharkey, a ward heeler during the shady days of the Tweed ring in New York. The quarrel between the politician and the gambler arose from a gambling debt which Sharkey alleged that Dunn owed him. The details of the crime were not greatly different from the slaying of Rosenthal, although of course no "murder car" entered into the arrangements. Sharkey, perhaps like those who planned the killing of Rosenthal, expected to get away with it through his political influence. The assassin was of a well-to-do family and personal friend of Wm. M. Tweed, who was then uncorrupted king of Manhattan. He was what would now be called a "classy dresser," a half-fellow-well-met, and was immensely popular in sporting and political circles. Despite his "pull" with the powers that ruled New York, his crime was so cold-blooded that he was arrested and thrown into jail. There he was so insolent and

ungovernable that he was kept in close confinement.

And now enters the woman in the case. Following the French proverb, "cherchez la femme," we find her in Miss Maggie Jourdan, a lovely young woman to whom Sharkey, in his days of freedom, had paid marked attentions. In fact, they were sweethearts, perhaps engaged. Miss Jourdan's love for her imprisoned lover was such that she found it in her heart to forgive his heinous crime and even to plot for his escape. It was on a morning over a year after the murder that she was admitted to the jail to see Sharkey, in accordance with her custom. She talked to him through the bars. Two hours later Mrs. Wesley Allen, whose husband was in jail on a burglary charge, entered the prison. An hour later a thick-veiled woman left the jail, surrendering Mrs. Allen's pass ticket. A little later it was found that the real Mrs. Allen was still in the building, and when asked for her pass she explained that she had lost it.

It developed that Maggie Jourdan has brought Sharkey an outfit of woman's clothes and had passed them to him through the bars, at the same time supplying him with a key that opened his cell. How she got the key remains a mystery. Mrs. Allen had been induced to take part in the plot by Miss Jourdan and had slipped Sharkey her pass. Mrs. Allen's pass was necessary because she was a large woman and not known to the gate keeper, while Miss Jourdan was small and was well known to all the officials of the jail. The clothes supplied to her lover by Miss Jourdan were exactly like those worn by Mrs. Allen, which aided in the deception.

Sharkey, the murderer, made good his escape. Perhaps the police, boss controlled, did not make strenuous efforts to prevent his getaway. He fled to Cuba. Maggie Jourdan was arrested but was never punished for her complicity in the plot. Later she went to Cuba to join the man she had freed, but it is alleged that she repulsed his benefactor. Later she married an actor.

When last heard of, Sharkey was in Spain, working as a common laborer. There was some talk of his extradition, but it ended in talk.

Since Sharkey's exploit, only three prisoners have succeeded in escaping from the Tombs, the lost occurrence of this kind having taken place this month, when Reynolds Frasbey took French leave of the noted New York jail.

VACATION TRIP ON PROFITS OF SCHOOL FARMING

To prove that farming—the right kind of farming—pays, is one of the tasks which the rural school has emphatically set itself. It is particularly essential to make the school children realize the money value of agriculture, not as a theory, but as a practical fact, and one of the best ways for demonstrating it has been shown to be to let the children actually farm a bit of ground and collect the proceeds. Recently the United States Commissioner of Education, Dr. P. P. Clayton, had occasion to welcome a party of southern boys and girls who were on a sightseeing tour of Washington with money earned in their own farming.

"Real farming did it," said Dr. Clayton, in describing the experiment. "The money earned from their individual garden patches in connection with the study of up-to-date farming paid the expenses of those 22 Virginia school children. The children came from the Second Congressional District Agricultural School at Driver, near Norfolk. The party was in charge of Mr. J. B. L. De Jarnette, the principal of the school, and he was a busy man indeed during the three days spent in seeing the sights of the Nation's capital.

"Tomatoes and other produce paid the full cost of the trip—which was just \$13.78 for each pupil, by the way. This amount was only a comparatively small part of their total earnings for the year. The children came from one of the best gardening regions in the South, and their school has a unique place in that particular community. The school has an instructor in agriculture, who teaches three days a week and spends the other three days in farm demonstration work, applying on the actual farms of the district the theory he imparts in school."

Further inquiry showed that this is not the first time the children have learned that intelligent farming brings in a cash return. Each student makes regularly a profit of from \$25 to \$100 on the individual garden patch he cultivates.

MRS. STEVENS RECOVERS

After Years of Suffering. Tells How Her Health Was Regained.

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to you for special advice. In a short time I had regained my health and am now strong and well."

—Mrs. SALLIE STEVENS, R.F.D., No. 2, Comanche, Okla.

Another Woman Recovers.

Newton, N.H.—"For five years I suffered from female weakness and dragging down pains. Lydia E. Pinkham's Vegetable Compound has restored my health and the pains are gone."

—Mrs. F. A. PEASLEE, R. F. D., Box 88.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

50% INCREASE

since March 1, 1912, in the number of direct branch offices of the Remington Typewriter Company in the United States.

The importance of this fact to the typewriter user lies in the expansion and development of Remington Service Efficiency.

The two factors of Remington Typewriter Supremacy are *Quality* and *Service*. The one goes with the sale; the other follows the sale. The one is *in* the machine; the other is *back* of the machine. And both are essential to the permanent satisfaction of the typewriter user.

The great expansion of the Remington Sales Organization has advanced our service facilities beyond any standard attained or attainable in the past. Remington Service was always supreme; it is now incomparably supreme. It goes *everywhere* and it covers *everything*. Whatever your need in the typewriter service line, whether ribbons, carbons, inspections, adjustments, rentals or operators, the means to supply that need are bound to be close at hand if your machine is a MONARCH, a SMITH PREMIER or a REMINGTON.

GIRLS! GIRLS! SURELY TRY THIS! DOUBLES BEAUTY OF YOUR HAIR

All you need is a 25 cent bottle of "Danderine" — Hair gets lustrous, fluffy and abundant at once.

Immediate? — Yes! Certain? — Yes! Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you will have doubled the beauty of your hair.

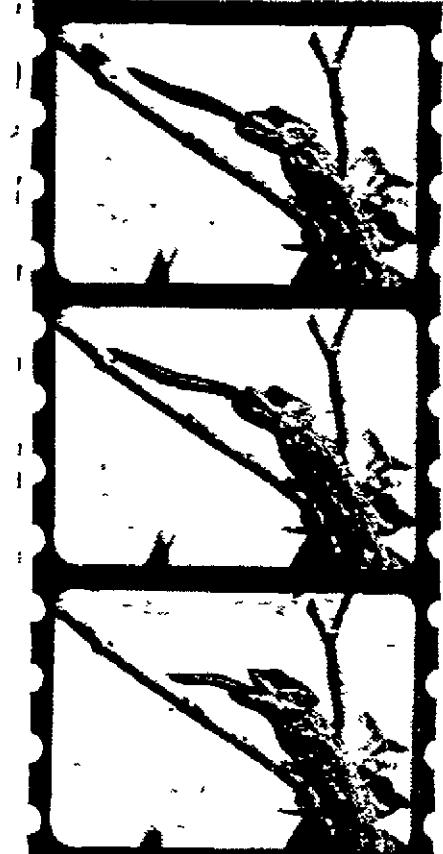

A delightful surprise awaits, particularly those who have been care-

less, whose hair has been neglected or scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft, hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

AMUSEMENTS

Evans and His Honey Boys.

"Honey Boy" Evans has turned out another "minstrelletta" as the finale portion of his new show this year and he calls it "De Go Lightly Guards' Reception." As may be inferred by the title the new after-piece is of a military nature and the action takes place in the Go Lightly Guards' armory. The scene for this portion of the program is from the famous studio of Unit & Wickes, artists for Daniel Frohman's New York Lyceum theatre. The inherent love of the dark, for military display is given full way in this final comedy of the evening and the skit is promised as a worthy successor to "The Dixie Derby," "The Firemen's Picnic" and "The Belle of the Barbours' Ball," which have so highly amused the patrons of the "Honey

Sousa and His Band.

There is no use in denying the fact that Americans are gratified when the supremacy of an American institution is acknowledged abroad, and none can fail to share with John Philip Sousa some degree of pride in the fact that Sousa's Band, which will appear here on Monday afternoon, Sept. 23, at the Auditorium, was quoted as a model of excellence by an English authority, whose comments on the work of this American organization were published in the Manchester (Eng.) News as follows:

"The popularity of Sousa and his band seems unabated, which is not surprising, as the pieces they play are of an inspiring, uplifting nature

and the renderings are given with marvelous precision and an execution well nigh perfect. Many of the band's distinctive features are of great musical values, and in such points as unanimous phrasing and majesty of tone, combined with huge volume and an absence of any rough and strident quality, the band might serve as a model to many famous orchestras."

Lyman H. Howe's Pictures.

Animated scenes of ineffable beauty that will linger in the inner sight long after they have vanished from the screen will be presented by Lyman H. Howe at the Auditorium on Sunday, Sept. 22. They take the audience in and around Paris, to historic Versailles and through the delightful picturesque rivers of France. The reproduction of these scenes in the actual and exquisite colors of nature enhances their beauty to a degree that defies description. Wahing, the burial of the Yaine, the best industry, a thrilling race between a hydroplane and an 800-horsepower motor boat in the harbor of Monaco, and an exciting

adventure with a ferocious lion are only a few of the other features on a program that is entirely new, excepting only that amazing botanical study, "The Birth of Flowers," that Mr. Howe will present again in response to popular demand.

Blanche Walsh at The Auditorium
The feature film at the Auditorium theatre attracted much attention on Monday evening and the capacity of the theatre was taxed. For the first time Blanche Walsh, who will be remembered here for her appearance in the "Kreutzer Sonata," appeared in motion pictures. The film was produced by the Masko Film Company and Miss Walsh is seen in a dramatization of Leo Tolstoy's novel "The Resurrection." The story tells of a Russian peasant girl and her subsequent life of shame ending with her being a prisoner for murder and her final moral and spiritual resurrection.

Miss Walsh's reputation as an emotional actress has been well established and her work in pictures is most appealing, the only regret of the pictures is that the audience is not made acquainted with the wonderful emotional qualities of Miss Walsh's voice. But every detail of her acting is as complete as in her actual appearance. The film will be repeated this evening.

SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and Prevents Catarrh and Cold in the Head.

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Elv's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person. Elv's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hawking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Elv's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it.

FIRST THINGS

The first European to enter China and to give the western world a glimpse of the people and customs of the Orient was Marco Polo, a Venetian, who was born in Venice 660 years ago today, Sept. 17, 1252. His father, Nicolo Polo, a man of rank, was the first Caucasian to visit the borders of China, but his son was destined to even greater successes as a traveler. At the age of 21 Marco had reached the court of the khan of Shangtu, where he mastered the language, and was according to the Chinese annals, made an agent for the imperial council. Marco made a note of all the things he saw, and possibly of some things that existed only in his imagination. Marco Polo attained the confidence of the khan to such an extent that he was made governor of the important city of Yangchow. Returning to Europe, Marco was made a prisoner by the Genoese. He was placed in a cell with a man of literary attainments, and the latter wrote down the stories Marco related of his travels. Long considered by Europeans to be fabulous, the tales of the first great Asiatic traveler are known to have been largely truthful.

LETTER FILES

Will Show Aid Extended During the Campaign—Interesting Testimony is Expected.

Washington, Sept. 17. — John D. Archibald, George W. Perkins and Colonel Roosevelt are to be asked by the senate committee investigating campaign contributions to produce any correspondence they may have pertaining to "financial transactions" between the first two men and members of congress, or between them and Mr. Roosevelt when he was president.

Investigation of this phase of the campaign contribution question was authorized by the LaFollette-Penrose resolution just before congress adjourned.

Chairman Clapp of the investigation committee, after a conference with Senator Pomeroy of Ohio, said that the committee would open this line of inquiry by asking for the production of letters when the three witnesses are on the stand.

Senator Pomeroy left for Ohio last night after two days' conference with Chairman Clapp. A list of proposed witnesses, most of whom have already been named, was gone over by the two senators. The full subcommittee will meet in Washington Sept. 27 and arrange for the hearings, which open Sept. 30.

NOT SALTS AND PILLS. "CASCARETS"

If Constipated, Bilious, Headachy, Stomach Sour, Get a 10-Cent Box of Cascarets—Take One Tonight.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, biliousness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10 cent box from any drug store will keep your stomach sweet, liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

SECURES FINE ATTRACTION FOR LICKING CO. FAIR

Visitors at the Licking County fair will probably have an opportunity of witnessing the performance of one of the world's most famous horses, if arrangements begun yesterday by Secretary Farmer of the fair association are successful. The owner of the animal has been in touch with the local association for several days, trying to arrange dates for the exhibition of Mazeppa, the famous Arabian horse, which is said to bear the blood of the finest Arabian stock of the past fifty years.

The horse has proven splendidly adaptable to training and has astounded vaudeville audiences over the entire country by its ability to interpret the desires of its master. "The feature will no doubt be secured," said Secretary Farmer to an Advocate representative today. "It will be one of the best in the Ohio fair circuit and should prove a big drawing card for the fair."

Entries in the several divisions of exhibits are beginning to come in rapidly and the officials of the fair believe that a record year will be secured. Some exhibits from other states have already been assured, while others are expected, but the local organization feels sure that there is just as good live stock, poultry and other exhibit material to be found in Licking county as elsewhere and advise all farmers to continue plans for their individual exhibits.

"There is a splendid opportunity for Licking county farmers to show their true merit," commented the secretary. "We ought to take second honors from no county in the state, and if the farmers and business men of the county will do their share we will have the most successful and most progressive fair the county has ever known."

COACH "LEVY" PREDICTS FAST DENISON TEAM

Granville, Sept. 17.—"We are out for state honors in football this fall and from present indications, I feel sure that we are going to land them." This is the sentiment of Coach Walter Livingston of Denison University, and a review of the material the Baptist school has in readiness is strongly supporting his belief.

There never has been a stronger interest in football than this season. Most of the old players are back, with Rupp, Dunlap, and Black, the star of two years ago, trying for positions behind the line. Captain

WALTER J. LIVINGSTON,
Who Predicts that Denison University
Will Have Splendid Football
Team This Season.

Deeter will no doubt fill the quarterback position, with Schropp making a strong bid for the position. Ashley at left tackle is promising, while there is an abundance of end material, Heinrichs, Morrow and Haskins trying for the places. Curtin is again out for center, with Ladd, an old Denison man, who has just returned to school, trying for the other tackle position. The following new men are on the squad temporarily: ends, Matthews, Brown, Edwards, Ashcraft, Wickenden; guards: Morris, Bruce, Thompson, Clark; tackles: Bradford; center, Leese; backs: Biggs, Mitchell, Williams, Tribolet.

Coach Livingston promises a fast 165 pound team this year and believes that he has sufficient weight to overcome any objection to the new rules. "In fact," he claims, "the new rules give the advantage to the heavy team. The four downs and ten yards will mean a big difference in scoring, as well as the new forward pass rule at goals. The squad is doing fine work and when scrimmage starts early next week we will be ready to more definitely pick the players who will carry the Denison banner to the top of the ladder this year."

Denison's first game will be played with Ohio Wesleyan at Granville on October 5, the team going to Columbus the following Saturday for their annual game with Ohio State University.

HOLTSBERRY IS BOUND OVER TO COMMON PLEAS

Captain Swank returned to Newark Monday night with Thomas Holtsberry in custody. The man offered no objection to coming back to Ohio without the formality of requisition papers.

He was arrested shortly after midnight Sunday morning at his rooms where he was located with Mrs. Dermer, doing light housekeeping. The Newark officer located the couple by keeping watch for them in a public place where he had reason to believe they would visit.

His vigilance was rewarded by catching sight of Mrs. Dermer, whom he followed to their rooms. Captain Swank then sought the assistance of the precinct detectives and a raid of the room was planned.

When the detectives took the man into custody and he recognized Captain Swank, he was much surprised and asked how the officer succeeded in locating him.

Mrs. Dermer was not molested by the Newark officer, as he had no warrant for her arrest.

The warrant for the arrest of Holtsberry was issued from the court of Squire D. W. Jones on complaint of his wife Sarah Holtsberry, who charged failure to support his minor child, Lura B. Holtsberry. The affidavit was filed on Sept. 10 and gave the date of Holtsberry's desertion as Aug. 29.

Tuesday morning Holtsberry was given a hearing before Judge Jones. When arraigned he waived examination and was bound over under a bond of \$500. It is probable that an investigation of his case will be included in the work of the present grand jury.

The statement was made that friends were making an effort to secure bond for the prisoner and to have him released from custody, but at a late hour this afternoon this had not been accomplished.

BOTH TAFT AND ROOSEVELT SCORED BY WM. J. BRYAN

Denver, Sept. 17.—One term for president and the necessity of selecting Governor Woodrow Wilson for that office in November was the central thought of campaign addresses delivered by William J. Bryan in his tour of Northern Colorado. At Ft. Collins he emphasized the point and scored Colonel Roosevelt for asking a third term.

THE BIRTHDAY CALENDAR.

IF THIS IS YOUR BIRTHDAY

You will have a pleasant year, with many gifts from friends and benefits from your own exertions. You are warned against journeys or changes, as they will be of no benefit to you. These born today are born to good fortune and by their own efforts will rise to high position. Their greatest fault will be too much freedom of speech.

For arguing that our world is only one of many, Giordano Bruno was burned to death in Rome in 1600.

ON SECOND THOUGHT.

The majority of men are honest enough in other respects, but they all pretend they like classical music.

BUSINESS MEN OF NEWARK ARE TAKING GREAT INTEREST IN COMING COUNTY FAIR

Daily Airship Flights—Big Parade With Cash Prizes for Best Exhibits—All Governors Day—Get in the Parade and Decorate for Fair Week.

The members of the advertising committee of the County Fair and Aeroplane Meet personally called upon about 200 of the business men of the city Monday and solicited their support of the coming attraction. Advertising matter at the same time was distributed for window display and everywhere the committee went the business men displayed a keen interest in the project and promised cordial support. Nearly every one agreed to decorate his place of business during Fair week and nearly all promised to make some kind of an exhibit in the industrial parade, which is to be held at 10 o'clock on Wednesday morning, Oct. 2. While it is of course impossible for the committee to personally visit every business man in the city, the invitation to participate in this parade is general, and anybody who desires and is willing to join in the movement will be welcome. The committee is offering \$100 in cash prizes, as follows:

\$25 for the best decorated float placed in the parade by any manufacturer, jobber or retail merchant.

\$25 for the best decorated float placed in the parade by any fraternal, labor or social organization.

\$25 for the best decorated automobile placed in the parade.

\$25 for the best decorated wagon or float displaying the farm products of Licking county.

Five hundred letters were sent out by the advertising committee to the business men, inviting them to decorate their places of business and to participate in the big parade on Oct. 2, and the replies that are coming in by each mail indicate that the coming event will be entirely successful.

Arrangements are being made today to send automobiles with well known business men into various sections of the county tomorrow and Thursday. The parties will visit Zanesville, Lancaster, Mt. Vernon, Reynoldsburg and the intermediate towns, distributing advertising matter and speaking of the coming attractions during County Fair week.

Large banners have been placed across East Main, North Third and West Main streets and small banners have been placed at the four corners of the Court House Park. Thousands of window cards are being distributed and by tomorrow morning 1500 pennants will arrive in the city for use in advertising the Fair, both in Newark and throughout the county. The committee is arranging to use newspaper space in all the papers published within a radius of thirty miles, advertising the fact that the Licking County Fair this year will be well worth seeing. It should be remembered that one of the Wright Bros.' airships will be here and will make two flights daily during the four days of the County Fair, with Aviator Freeman in charge. Mr. Freeman has a national reputation as an aviator. On the second day of the Fair comes the big industrial parade to be participated in by the business men, the manufacturers, the labor organizations, the fraternities and all who desire to take part. Thursday will be All-Governors' Day. Gen. R. B. Brown and Congressman James M. Cox have both accepted invitations to be present. The Progressive candidate, Mr. Garford, is also expected to be present. Secretary J. M. Farmer will have some pleasing announcements to make within a short time regarding the exhibit of some prize stock at the County Fair.

The Ohio Experiment Station at Wooster will have an exhibit at the County Fair and results of experiments that have been made will be illustrated. These tests are calculated to prove that there is a way of making the old farm pay.

Remember the dates of the County Fair, Oct. 1, 2, 3 and 4. Arrange to take part in the big parade, deco-

rate your homes and places of business and regard yourself as a committee of one to further advertise the big show.

LOCKED UP ON PEACE WARRANT

Dan Green was remanded to prison Tuesday morning by Mayor Swartz under a peace bond in the sum of \$200. The peace warrant was sworn to by his wife, who charged that Green threatened to kill the family Monday night. He was locked up by police officers who were called when Dan went on the war path.

In court Tuesday morning, Green appeared penitent and wished to "make up" but his wife refused to relent and the man was ordered committed. He was unable to furnish the \$200 bond to keep the peace, required by the court.

FINLEY ASKS BUSINESS MEN TO LEND THEIR AID

Columbus, Sept. 17.—Chairman Wm. L. Finley of the Democratic state executive committee yesterday urged the business men of the city to aid in making the Democratic state campaign opening Friday a big success. He did not do so on the ground that it is to be a partisan event, but because the honor guest will be Governor Woodrow Wilson of New Jersey, who has never before spoken in Ohio and whose coming will be a civic event.

Record-breaking crowds are promised both for the Democratic opening Friday and the Republican opening Saturday.

Announcement was made yesterday by Chairman Bert S. Barlow of the Democratic state bureau of club organizations that the officers of the various Democratic clubs of the state would meet at state headquarters at 5 p. m. Friday. The National League of Democratic clubs will co-operate in pushing club organization and work on a large scale in Ohio.

OHIO CHAUFFEURS ORGANIZE.
Cincinnati, Sept. 17.—The Ohio Protective Order of Chauffeurs was organized here last night. It is claimed that several thousand automobile pilots have already signified their intention of joining. The object of the association is to indorse laws providing for more rigid rules for licensing of chauffeurs.
